

# How to Reach Us

## AZ Womb Service, LLC

**Robin Sharples-Ray, LM, CPM & Connie Canada, LM, CPM**

**623-533-5160 Office - 623-880-0317 Pager**

As midwives, we pride ourselves in being accessible to our clients at all times. It is important to us that you feel confident in being able to reach us for moral support or to ask us questions. We maintain normal business hours of 9:00am to 5:00pm, Monday through Friday. **So if you need to reschedule appointments or have non-urgent questions, it is greatly appreciated if you call during these hours.** We understand that unforeseen things may arise. Therefore, I *encourage you to call us at any time of the day or night, if the matter is urgent.*

If we have not gotten back to you within a couple of hours (I may be on a birth!), please feel free to page us and we will return your call within 15 minutes. **If it is an emergency please call us and leave a number we can reach you at, then page us with your phone # and 911 and your call will take priority! If you have a medical emergency that requires immediate attention please call 911 services and then call us.**

Robins email: [birthaide@cox.net](mailto:birthaide@cox.net)

Connies email: [connie@supportedbirthaz.com](mailto:connie@supportedbirthaz.com)

### How to use a digital pager:

1. Dial the pager number.
2. When you hear the beeps then tone, press in the phone number you are calling from (if it is an emergency add 911 to the end of the number).
3. Hang up.
4. Repeat the process (as sometimes the page does not go through the first time).
